授業概要	<p>Extensive reading means reading a lot. When you read many pages of a book or magazine that you enjoy and that is written in easy English, you pick up a lot of new phrases and see a lot of familiar words in new contexts. As a result, your English improves without a lot of conscious study. But you have to spend plenty of time on reading.</p> <p>This semester, we will focus on two things. The first will be on reading non-fiction quickly with good understanding. You will time yourself as you read very easy passages from the textbook in order to develop the habit of reading without stopping. The second thing we will focus on is building and strengthening your vocabulary knowledge.</p> <p>We will also spend time on planning and assessing your reading goals, and on developing your vocabulary.</p> <p>We will be using XReading and other online tools to deliver the class content as required.</p> <p>This course will be taught in English.</p>							
学生が達成すべき行動目標	<p>The aim of this course is to help students be able to do the following:</p> <ul style="list-style-type: none"> - I can read more than 150 words per minute at an easy level - I can read phrase by phrase rather than word by word, for total meaning - I can plan my time to spend at least 180 minutes (about 25 minutes per day) per week on out-of-class reading - I can read enough books in English to reach the reading goal of 150,000 words in this semester
